## 2022 SINGLE BLOCK RESERVE RUSSIAN RIVER VALLEY PINOT NOIR TEN OAKS

### INTRODUCTION

First introduced in 2011, the Ten Oaks Pinot Noir showcases a more delicate side of our Russian River Valley Pinot Noir. For Ten Oaks, we harvest a portion of our Pommard clone block about two weeks earlier than the rest of our vineyard, when the acidity is high and the sugar is low. This process yields a wine with great vibrancy and freshness. A portion of the fruit is fermented with whole clusters to add an herbal component to the wine's flavor profile.

### WINEMAKER NOTES

Garnet in color with a slight ruby hue, the 2022 Ten Oaks offers aromas of strawberry and apple, joined by pomegranate and herbal tea. The palate presents cherry and berry, with notes of ginger and leather providing a unique complexity. Firm tannin provides structure, allowing the wine to age gracefully. Recommended drinking window: 2025-2032.
