GIFT OF THE LAND

2020 SINGLE VINEYARD CARNEROS ROSÉ OF PINOT NOIR

INTRODUCTION

Starting in 2016 we decided to harvest a small amount of Pinot Noir expressly for Rosé. By growing the fruit and making the picking decision based on the knowledge that the fruit would be used for Rosé, we are able to harvest fruit with beautiful natural acidity and low sugar levels. Because we apply the same exacting standards to this fruit as to all of our Pinot Noir, the resulting wine has remarkable complexity and intensity, while still having the freshness necessary for a delicious Rosé.

WINEMAKER NOTES

Pale salmon in color, the nose is extremely expressive, with apricot, strawberry, lime and mint each taking a turn on center stage. The palate is bright and intense, with cherry, apple and lemon joined by pie crust and a hint of graphite. The finish leaves a lingering impression of fresh peach, with a slightly saline quality.
