### CARNEROS MIKADO TREE PINOT NOIR

#### INTRODUCTION

Mikado Tree is the newest addition to our Pinot Noir line-up, with 2017 being the inaugural release. Sourced solely from a block of the low-yielding Swan clone on our Carneros Estate property, the wine demonstrates the remarkable depth and intensity that this clone can provide while still remaining on the lighter side of the fruit spectrum.

#### WINEMAKER NOTES

The inaugural Mikado Tree Pinot Noir is deep ruby in color, with raspberry, black cherry, anise, rosehip and a surprising tangerine note on the nose. The palate is luscious, yet show plent of fresh plum, cherry, and even apricot flavors, black pepper and just a touch of oak lingering on the finish.
